

15th July 2010 It's Official: Gulf of Tonkin WAS STAGED

Article I cite if from infowars.com:

"In a March 1968 closed session of the Foreign Relations Committee, Senator Albert Gore Sr. of Tennessee, *the father of former vice president Al Gore*, noted:

'If this country has been misled, if this committee, this Congress, has been misled by pretext into a war in which thousands of young men have died, and many more thousands have been crippled for life, and out of which their country has lost prestige, moral position in the world, the consequences are very great,'"

Imagine this: thousands of US soldiers died in Vietnam...for NOTHING. THE GOVERNMENT IS TELLING YOU WHAT THEY DO. Recently I put up a post on the fact that 9/11 was FORETOLD to all of America on the pilot show of X-files, the Lone Gunman. See it below:

We live in a sick and twisted world; we live in a degenerate society; we have a depraved, tyrannical and machiavellian government. We ARE controlled by the New World Order and we need to find solutions in order to free ourselves from this oppression because the world is getting worse and worse.

Just the other day a top, former Clinton official said that ONLY a new 9/11-type event in America can save Obama. RED ALERT!!!! RED ALERT!!!

Gary Hart, a chief official from the Council on Foreign Relations, wrote a letter to Iran's Ahmadinejad a few years ago and told him the following:

Presuming that you are not actually ignorant enough to desire war with the United States, you might be well advised to read the history of the sinking of the U.S.S. Maine in Havana harbor in 1898 and the history of the Gulf of Tonkin in 1964.

Having done so, you will surely recognize that Americans are reluctant to go to war unless attacked. Until Pearl Harbor, we were even reluctant to get involved in World War II. For historians of American wars the question is whether we provoke provocations.

Given the unilateral U.S. invasion of Iraq in 2003, you are obviously thinking the rules have changed. Provocation is no longer required to take America to war. But even in this instance, we were led to believe that the mass murderer of

American civilians, Osama bin Laden, was lurking, literally or figuratively, in the vicinity of Baghdad.

Given all this, you would probably be well advised to keep your forces, including clandestine forces, as far away from the Iraqi border as you can. You might even consider bringing in some neighbors to verify that you are not shipping arms next door. Tone down the rhetoric on Zionism. You've established your credentials with those in your world who thrive on that.

If it makes you feel powerful to hurl accusations at the American eagle, have at it. Sticks and stones, etc. But, for the next sixteen months or so, you should not only not take provocative actions, you should not seem to be doing so.

For the vast majority of Americans who seek no wider war, in the Middle East or elsewhere, don't tempt fate. Don't give a certain vice president we know the justification he is seeking to attack your country. That is unless you happen to like having bombs fall on your head.

In the letter, he basically tells Ahmadinejad that the US STAGED GULF OF TONKIN AND OTHER EVENTS LIKE THE US MAIN AND OTHER ONES AND THEY WILL DO SOMETHING TO IRAN, TOO, IF THEY DON'T COMPLY.

Also, watch the vid below of the CFR's official meeting right after 9/11 where Mr. Hart says that it was time to use 9/11 as a pretext to bring in a New World Order:

IT ALL IN THE OPEN...IT'S IN OUR FACE...THEY DON'T HIDE WHAT THEYDO...SO STOP DOUBTING AND WAKE UP BECAUSE THE NEW WORLD ORDER IS HERE!!!
